

# {Employee giving is here!}

my community.  
my choice.  
my gift.

At the MLK Community Health Foundation we recognize generosity as an important way in which we express shared values. We have a rare opportunity to establish a culture of philanthropy as part of those values. The outcome will be vital to the hospital's ability to sustain its work in our South Los Angeles communities and to deliver on our hospital's mission to provide compassionate, collaborative, quality care and improve the health of South Los Angeles.

## Your gift matters!

Our hospital's mission to provide high quality compassionate care requires investments in people, technology, equipment and services. Together with the contributions of our individual, corporate, and foundation supporters, employee gifts will make a significant impact for the sustainability of the hospital and the community we serve.

## Your participation will inspire others to give, as well!

When we request grants and gifts from outside sources, we can make no better case for support than employees that believe in our mission and contribute financially to the success of the hospital.

## Gifts of all sizes

Our goal is to exceed a 50% participation rate. Your gift, no matter the size, helps us reach that goal.

## How to make a gift

Your unrestricted gift supports all programs and departments. From translation services to ensure culturally appropriate care to mobile apps and community outreach that support patients and families with health information, the hospital's general fund provides the key assurance that we can deliver on our mission.
