

# {Employee giving is here!}

## WHY IS MY GIFT IMPORTANT?

### Where does my dollar go?

Many places. Unrestricted funds raised by the Foundation have supported hospital initiatives such as:

- The maternity project—rooms where new mothers can room in with their babies, a C-section operating room, an additional nursery;
- Construction of the MRI Center;
- The Art Fund initiative—bringing community art to the hospital's healing environment;
- The hospital's operating budget. As a private hospital serving a low-income community, we rely on private gifts to bring the kind of quality you see in the people and facility around you

### Why is my gift unrestricted?

By making a gift as part of the employee giving campaign, you're investing in the hospital's mission—to support both needs and opportunities identified during the year. We know that this requires a certain trust on your part. That's why an unrestricted gift represents the greatest commitment a donor can offer.

### Can I designate my gift to something I choose?

Over the coming year, as the hospital grows, we hope to get ideas from everyone on specific ways in which employee gifts might be used. With help from the Employee Giving Leadership Team future employee giving campaigns will reflect their input, and yours.

### Does my gift really make a difference?

Yes! Your gift has meaning and power beyond its dollar value. Funders considering investing in the hospital's community programs or patient needs see staff generosity as a signal of confidence that the people delivering on our mission truly believe it will be accomplished. Your participation will inspire others.
