

At the MLK Community Health Foundation we recognize generosity as an important way in which we express shared values. We have a rare opportunity to establish a culture of philanthropy as part of those values.

EMPLOYEE GIVING Your Gift Matters!

Our hospital's mission to provide high quality compassionate care requires investments in people, technology, equipment and services. Together with the contributions of our individual, corporate, and foundation supporters, employee gifts significantly impact the sustainability of the hospital and its services to our community.

Your participation inspires others to give to us! When we request grants and gifts from outside sources, we can make no better case for support than our employees who believe in our mission and contribute financially to the success of the hospital.

YOUR GIFT, NO MATTER THE SIZE, HELPS US REACH OUR GOAL.

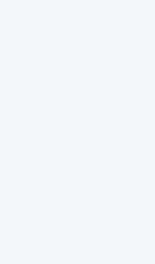

Contribute by Check or Payroll Deduction

Contribute by Credit Card

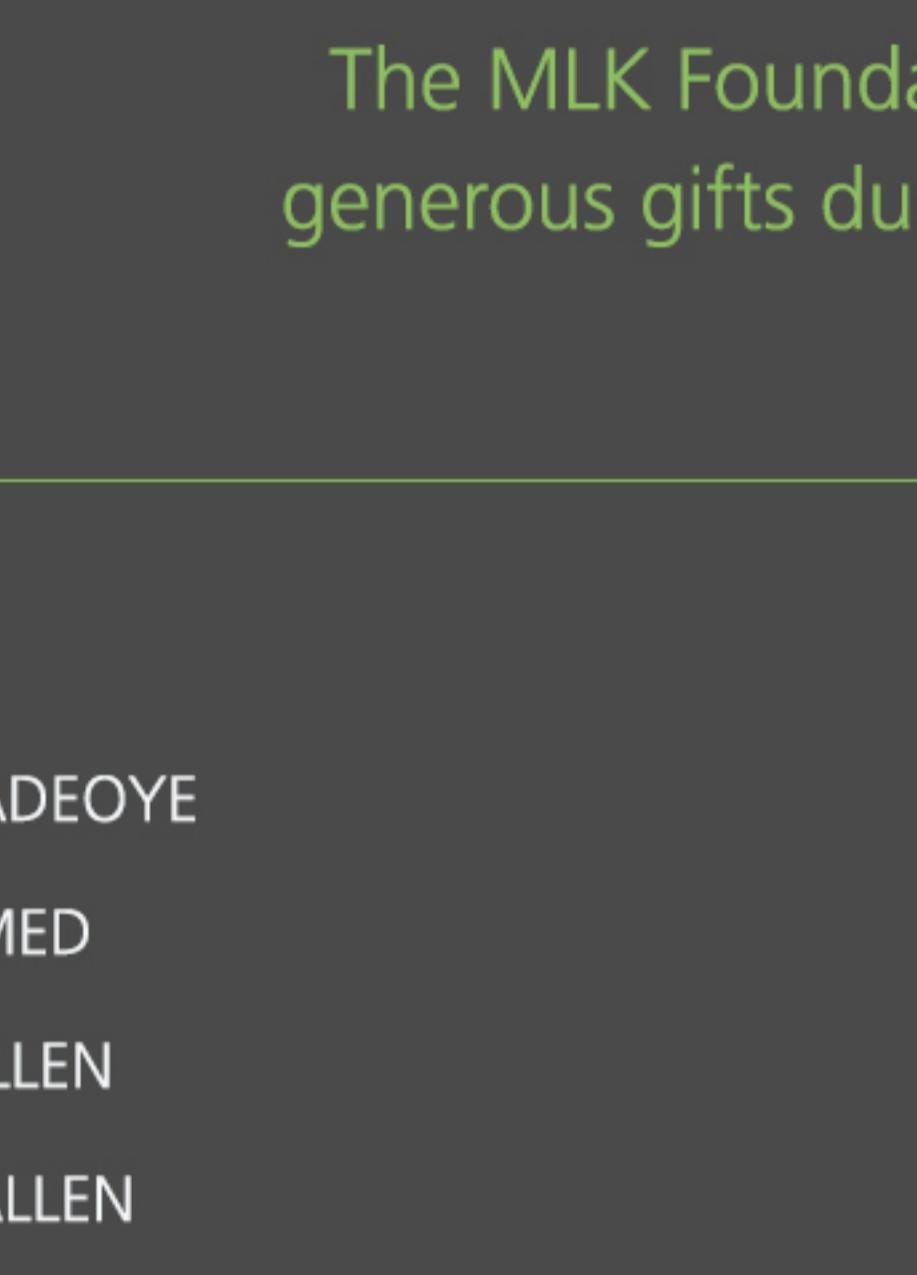

NOT AN EMPLOYEE?

your gift is important too.

More Information

We all need to give from our hearts.

On August 7, 2015, we made history by officially dedicating the new Martin Luther King, Jr. Community Hospital. Leaders from Los Angeles and throughout California, friends, supporters and the community converged with excitement and expectation to share in the moment....

The Ralph M. Parsons Foundation—Giving that Matters

Even over the phone, what strikes you first is the energy and passion in Wendy Garen's voice. As CEO of The Ralph M. Parsons Foundation, she is clear about what matters to her and to the organization's thoughtful, engaged board of directors.
